

BLOODY CONFLICT GOING ON IN ULSTER

TAYLOR'S FIGURES ARE REJECTED BY COUNTY TAX BOARD

SUPERVISORS TO BE ASKED TO ACCEPT LOCAL ASSESSOR'S TOTALS.

RICHARDSON FIRM Local Supervisor Stands as Lone Committeeman Favoring Taylor Report.

Throwing over the report of Supervisor F. A. Taylor the majority of the county committee on equalization will report to the county board to accept local assessors' figures for the basis of 1922 taxation. All except Mr. Richardson, Janesville, chairman of the committee will report this action. Chairman Richardson will present a minority report supporting the figures of its supervisor of assessments. If the majority committee report is accepted it will mean Janesville's assessment will be \$20,000 less than that of Assessor Frank Smith instead of \$27,523.25. The figure for Beloit will be \$24,344.00 instead of the increase to \$27,587.60.

No Increase Favored.
The equalization board refused to go the increase in the towns, villages and cities, outside of Janesville and voted against the Taylor report at the end of its important session all day Tuesday.

The total assessment for Rock county as compiled by the local assessors amounts to \$11,512,725 as compared to \$12,500,748 the figure of the assessor. Taylor obtained by striking averages.

Taylor to Appear.
Figures were pointed out during the board meeting that houses and property in Janesville are assessed practically the same. It was contended by Dr. C. W. Merriam, Beloit, that Janesville has more farm property, tobacco and bank stock than Beloit by more than \$5,000,000. The board, however, Chairman Richardson was not assessed to true value nor in proportion to the assessments on similar property in Janesville or elsewhere in the county.

Fined \$100 for Carrying Liquor

George Condon, Edgerton, was fined \$100 in municipal court Wednesday, when he pleaded guilty to a liquor transportation charge, having been arrested last August on the Janesville-Beloit concrete highway by Deputy Sheriff Charles Thompson, Beloit, formerly of Janesville.

Seeks \$10,000 from Beloit "Y"

Summons has been served on the Beloit Y. M. C. A. for \$10,000 damage suit brought by J. W. Whaley, 31 Locust street, Beloit, for the death of his son Harry Whaley, who was drowned in Lake Koshkonong last summer.

LAKE KOSHKONONG FROZEN, DUCKS LEAVE

Lake Koshkonong is frozen over again for the third time this fall, according to local hunters. As a result there are few canvas-backs remaining at the lake although mallards are staying despite the ice.

WISCONSIN SUSPENDS KANSAS SIXTY DAYS

Big Demand for Used Furniture
There are a number of people in this vicinity who are anxious to get rid of old furniture of which they would gladly dispose, but do not like to throw or give them away. Why not turn them into cash?

Hooper in Reply to Jastrow Produces a Mass of Evidence

Junius T. Hooper, superintendent of the State School for the Blind, has been informed long since of the attitude of Prof. Joseph Jastrow of the Wisconsin state university toward the case of Willetta Huggins and the statement by Jastrow that she was a fake was not startling to the superintendent.

"The evidence that Willetta Huggins is just what she has been shown to be—the wonder of the times and that she is honest in her demonstrations has been conclusively proven before Jastrow who evidently seeks a little cheap notoriety entered the field of denial," said Mr. Hooper Wednesday morning.

Prof. Jastrow wrote to Forrest Crissey, who came to Janesville for the Ladies Home Journal and wrote of Willetta and her demonstrations for that magazine, and on the correspondence being forwarded to Mr. Hooper, he made reply which is here given in the Gazette. It will be remembered that the first story printed about Willetta Huggins was in the Janesville Gazette written by a member of the Gazette staff who with others made the first investigation. That story was also "quadrupled" and appeared later in hundreds of newspapers. Since that time the girl has stood the test of many public appearances, being before the legislature and having been visited by hundreds of people deeply interested in the case.

It will be remembered that she can tell color by the smell, hear vibrations, by placing her hands on

Marines Kill Two Wouldbe Robbers

Pittsburgh—Two men were killed and another wounded while attempting to rob Baltimore and Ohio mail train, number 9, near Washington Junction, Md., early Wednesday, according to reports reaching postoffice authorities. The train was defended, the reports added, by marines, who repulsed the attack of the bandits.

CIRCUIT COURT IS ADJOURNED TO MONDAY
All cases in the Rock county circuit court were suspended until next Monday morning and the jury excused until that time by Judge George Grimm. Five cases in which the Chicago, Milwaukee and St. Paul railroad is defendant will be heard next week.

BIG MADISON STORE SOLD TO CHICAGOAN
Madison—The Keeley-Neckerman company, Madison's largest store, was sold Tuesday to Harry S. Manchester of Chicago. It is understood that the transaction involved \$200,000. Mr. Manchester has been connected with Marshall Field and company, Chicago.

GENERAL APPROVAL OF FRENCH ARMY PLAN IS SOUGHT

BRIAND HOPES FOR EXPRESSION FROM CON-FERENCE.

CHANCES ARE SLIM

Sympathy Informally Given, but Official Word Is Delicate Matter.

BY DAVID LAWRENCE.

Copyright 1921, by Janesville Gazette.

Washington—Premier Briand has hoped that the Washington conference would adopt a resolution more or less approving the attitude of

France on land armament. His speech of Monday was designed to put the preliminary step toward that end.

Arthur James Balfour, of Great Britain, and Secretary Hughes of the United States, endeavored to meet

his wishes in their responses to his speech, and the discussion in French circles was whether Premier Briand would be satisfied with these expressions or whether he would ask for something more concrete.

After the two-hour and a half session was over the French premier, despite the failure to make a joint declaration of policy, expressed general satisfaction with the direction of the French position at Monday's session.

The debate led the delegates into a consideration of specific problems of land armaments and it was decided to appoint substitute committees to work on each subject.

It was also indicated by the French delegates that M. Briand would return to France confident that his nation's attitude had the sympathetic understanding of the other national groups and that France had nothing to fear from subsequent negotiations on land armaments.

Seek Missing U. of M. Student
Minneapolis—Search was begun Wednesday for E. W. Blair, a senior law student at the University of Minnesota, missing since Friday.

A note left by him indicating he might take his own life was turned over to police. Blair is the son of J. C. Blair, editor of a foreign language newspaper at Washington, D. C.

WYOMING MOUNTAIN COUNTRY SHAKEN BY TREMORS OF EARTH
Sheridan, Wyo.—Earth tremors were felt in the Big Horn mountains in Sheridan county at 9 a. m. Wednesday, according to telephone reports from inhabitants of mountain resorts. The tremors lasted several seconds, windows of houses were rattled, dishes, glasses, crashed from shelves.

NO PAPER THANKSGIVING DAY
In accordance with custom the Gazette will not be printed on Thanksgiving Day.

Strangles Young Mother to Obtain \$65 in Bankbook

[BY ASSOCIATED PRESS.]

Chicago—A story of heartlessness, poverty and robbery was mixed with that of concern for his wife in the confession of Thomas Catherine, 26, early Wednesday, that he had strangled his sister-in-law, Mrs. Betty Sharples, to death Tuesday, while she rocked the cradle of her 13 months old child and worked on day garments for another child expected within a month.

Sharples and Mrs. Catherine are brother and sister and Mrs. Catherine's mother had married Catherine's father. For weeks, Catherine had been out of work and his wife finally said she would obtain work to support the family. It was concern for his wife and dread of having to work, which Catherine told the police, forced him to wind a rope about Mrs. Sharples' neck and steal the \$65 in her bankbook.

Wounded by Poverty.
"My poverty worried me," Catherine told the police. "When my wife said she would get work, I couldn't bear it. Yesterday I went to visit my sister-in-law. A neighbor came in to borrow some money and I saw the bankbook. I thought there was at least \$50 in it. I picked it up with Betty and grabbed her by the throat, and wound the rope around her neck."

Catherine was arrested Tuesday night with his brother, while the pair were laughing and joking in a barbershop.

Detailed Confession.
A coroner's jury held Catherine for murder. Catherine, police say, made a detailed confession.

He told how he went to the Sharples home early in the morning and how his victim cooked a breakfast for him. He told her, he said, that if he didn't get work soon he and his wife would be destitute.

"She said," the confession, as given out by police continues, "we don't worry about that; you folks are welcome to come and live with us anything you want to, and we will set along all right."

A neighbor woman then came to the door and asked if she could do any shopping for Mrs. Sharples. Catherine said she would. She heard his sister-in-law ask the neighbor to get some material to be used in redecorating a baby carriage for her baby, which was to have been born next month. She gave the neighbor \$10.

Demanding Money.
"The sight of the money seemed to craze me," the alleged confession continues. "I asked her for the money. She told me she was going to use it for Christmas presents, but might spare a part of it to me."

"I said, 'No, I want it all or nothing,' and I got up and walked toward her. She turned pale. She said, 'Why, Tom, you wouldn't harm me, would you?' I grabbed her by the throat and pushed her into the bedroom on the bed."

"I hit her face turned white and I became scared. I believed that I had killed her and thought I might as well do a good job. So I laid her across the bed and pulled a rope out of my pocket. I wrapped it around her neck five or six times. I guess, and pulled it tight."

Paulson Asks County Aid to Build Part or All of Evansville Road in 1922

Resolution for the building of as much of the Janesville-Evansville highway, number 49, as can be built with the equipment was introduced Wednesday afternoon before the county board by Supervisor M. L. Paulson, Evansville, opening up an avenue for the Evansville end of the road program adopted by the board last week.

It has been agreed upon by leaders of the board that the Beloit Clinton road, built with county and federal aid as originally planned by the county highway committee and use county funds for the Evansville route. The road to the Evansville end is to be secured for 1923 with a survey and preliminary arrangements made for construction in 1922. Informal meetings were held during the session to put this program through as soon as the Evansville supervisor introduced the motion.

Minor Business in Morning.
The morning session of the county board was devoted to minor business. The request of George Seegmiller for \$1,000 in addition to the \$5,000 for poor relief in the Beloit district was referred to committee without comment.

Through a resolution of W. S. Perrigo, Beloit, the county will purchase the line monument between the Beloit and Evansville roads. The request was authorized to employ County Surveyor A. W. Fly on all county road work to preserve and mark the monuments. The sum of \$1,000 has been set aside for this work.

Need Contingent Fund.
The need of a contingent fund to replace the general fund, under the new state auditing system adopted by the county was shown by Supervisor Paulson.

"There may be situation arise where we need money of once, and there should be a general purpose fund," stated Supervisor Paulson. It was explained by Simon Smith (Continued on page 2.)

Governor and Morgan Stage Friendly Chat

Madison—Governor Blaine and Attorney General Morgan had a friendly chat in the executive chambers this week, the first in several months. State matters were not discussed on this occasion.

The attorney general's father, John Morgan of Chilton, was in the city for his first visit since his son took office. On the round of introduction to state officials Governor Blaine's office was at the top of the list.

A jovial conversation was had on by the three men, and it was expected to oppose one another in the next campaign for governor. Both Mr. Morgan and Governor Blaine were pleased with the meeting.

100 PCT. INCREASE IN FIRE ALARMS

There have been more fire alarms since Nov. 1 than the combined total for September and October, according to Chief C. J. Murphy, but with the exception of one fire, the damage has been slight. The November total is 10, while there were only 17 calls in the preceding two months.

"We don't care how many calls there are as long as there are no losses," said the chief.

Firemen were called to the Schuler home, corner of North Franklin and Tavine streets, by a chimney fire at 7:45 p. m. Tuesday. There was no damage.

BELFAST RIOTING NEARS PROPORTION OF CIVIL STRIFE

ASSUMPTION OF POWER BY ULSTER HOUSE IS CAUSE.

14 ARE KILLED

Hostilities Reopen Wednesday, as Sniper Shoots Workman.

[BY ASSOCIATED PRESS.]

London—Rioting which began in Belfast Sunday had its climax Wednesday in a state of shooting, bombing and turmoil approaching civil war. It is declared the disorders were planned to coincide with the assumption Tuesday of the government of Ulster by the northern parliament.

Disputes to the London press from Belfast place the blame according to the sympathy of the respective newspapers. The various accounts of Tuesday's disorders suggest that the aggression on the whole was reciprocal and due to the ever-existing rancor between the nationalists and orangemen.

13 Dead Tuesday.
The total casualties in the series of outbreaks up to midnight Tuesday stood at 13 persons dead with more than 50 seriously wounded in the hospitals. Scores of other persons less seriously injured were treated at their homes.

The entire force of soldiers and police in Belfast is said to be unable to cope with a situation such as arose Tuesday and the military commander is reported to have announced that, if the disorders continue, the curfew hour will be advanced in the disturbed area so as to forbid use of the streets after 8:30 p. m.

SNIPER KILLS WORKER ON DOCKS WEDNESDAY

Belmont—Belfast's long list of fatalities began to grow early Wednesday, one victim being added almost at the outset to the 13 killed in outbreaks attending the assumption of governmental powers by the new Ulster parliament Tuesday.

There was complete quiet in the city after midnight and the day opened quietly, but in view of Tuesday night's events, little hope was entertained that this quietude would be enduring. Fears of further trouble were realized by the time activities were on in Dock Street, a foreman, engaging laborers there for the shipyards, being picked off by a sniper.

Precautions Are Taken.
Nearby precautionary measures were being taken by the working population, workmen's cars in the early hours proceeding without lights as they have better chances of reaching their destinations without casualties.

10 Injured in Ireland Prison Riot

Galway, Ireland—Forty political prisoners confined in the prison here rushed the warders Wednesday while a fire of uncertain origin was blazing in two sections of the structure.

The men seized the keys and harried themselves with six warders in another part of the prison. The fire was brought under control, but later a desperate struggle occurred between the rebellious prisoners and their custodians in which five policemen and five prisoners were injured.

Box of Bones Examined by Landru Jury

Versailles—A small tin box containing a pound and a half of bones was brought around Wednesday for examination by the jury which is trying "Bluebeard" Landru for murder. The prosecution claims they are human bones, and the rebels of the 11 alleged victims of the prisoner.

Some of the fragments were so small they had to be examined by microscope. The defense challenged the authenticity of the bones, attaching great importance to its claim that the police of Mantes searched Landru's villa at Gambais for evidence, although the Paris police claims to have found them shortly after.

"What has been your method of executing victims—by fire, arms, poison or strangling?" was Judge Gilbert's first question to Landru as court reconvened Wednesday.

"It would be much simpler to make the hypothesis that I killed none at all," responded Landru.

The prosecution undertook to prove that the alleged victims were cremated. Pointing to the small cook stove in the center of the room, the prisoner, should delicately: "Why you couldn't cremate a chicken in it."

Club Thrown at Prince of Wales in India

Vancouver, B. C.—A club was thrown at the Prince of Wales as he entered a building in Bombay, Monday night, according to a special dispatch to the Vancouver World. The missile was thrown by some one in a crowd of spectators, the dispatch said. The man who threw the club escaped.

MONEY IS SAVED BY TRAFFIC BUREAU

Local Organization has Proved to be Big Help to Shippers.

Vitality affecting the business of Janesville, the traffic bureau of the Chamber of Commerce is gradually increasing its scope. While its original purpose was the discovery and collection of overcharges and other claims, it has widened its usefulness to take in rate inquiries and adjustments, rate quotations, handling complaints, tracing shipments, community traffic matters and passenger traffic questions.

In money values, the bureau has saved \$1,000 to receivers of freight in this city through the checking of freight and express bills. Loss and damage claims amounting to \$3,000 have been paid with the aid of the bureau. Some of the larger amounts saved members of the bureau are:

Saving to Shippers.
Fidelity Lumber company, \$315.51;
Eaton Brothers, \$71.71;
Knitting company, \$38.55;
Hardware company, \$37.54;
Robert F. Duggs, \$33.03;
Shurtliff Ice Cream company, \$23.33;
Janesville Sand & Gravel company, \$21.33;
Products company, \$18.55;
Janesville Wholesale Grocery company, \$14.13;
McVicar Brothers, \$13.26;
In the form of claims and rebates, the bureau has saved \$1,000 to receivers of freight in this city through the checking of freight and express bills.

While this work is of great value to the members of the bureau, states Eugene E. Houck, manager, it is a secondary matter when compared with the other work being done and still to be accomplished by the bureau.

Error in Freight Bills.
In checking freight and express bills, the member turns all bills over to the bureau's rate clerk, who goes over them carefully for errors in figuring and in rate. Tariffs are so complicated and numerous that unless an expert keeps in constant pace with current changes, the wrong rate is sometimes charged. It is the duty of the bureau to discover any such mistakes and take the matter up with the railroad and express companies who willingly cooperate for the mutual advantage of all parties.

Errors of this kind are presented to the transportation committee, it is stated, but to closer relations which have been established. Through this system, local firms that have been receiving certain rates have discovered where they may save money, to their own surprise.

Claims Collected.
Claims that have been pending with the shipping lines for some time have been collected when they were through. This has been done, not to any fault upon the part of the shipping lines.

There was a light report of hay in Wisconsin this year making it easy to purchase hay from distant states. The rate on this commodity from Idaho to points in Wisconsin ranged from \$1.50 to \$1.85 per cwt. After war was taken up with the traffic bureau and through its efforts these rates were reduced to 75 cents to 92 cents per cwt.

The present rate on mill feed from Kansas City to points in lower Wisconsin is from 47 cents to \$1.25 per cwt. An effort is being made by the bureau to reduce these rates to 25 cents to 30 cents and the assurance is given by the railroad that this reduction will be made.

Rates Out of Line.
There are numerous other rates out of line, states Mr. Houck, and it would be an endless task to take each of the various rates and check them. Practically every member knows of some rate that needs adjusting. The bureau should report on these to the bureau. Some are doing this now.

With many queries for rate quotations, a large number of members of the bureau are making use of this service. It enables them to bid intelligently upon contracts. It also helps them to keep their salesmen posted on the rates on the road as they frequently asked for rates by their customers.

Through the bureau, many member-concerns have filed complaints with the transportation committee in a proper manner, resulting in a closer relationship between the shipper and the transportation companies. Arrangements have been completed so that merchants now get receipts for express shipments right away, enabling them to have their bills audited.

Speed Shipments.
Janesville is one of the pioneer cities in the shipping of bread. Fast containers heretofore have been charged, for when returned empty. The empty ones now are being returned free.

After conferences between the traffic bureau and the express company, express bills are being handled upon earlier terms out of Janesville, giving greater improvement in service.

One of the hardships of the shipper has been in tracing shipments, made more necessary through present market conditions. Stock is now purchased in small lots only as needed. Recently a car of materials was shipped from a point in Oregon. The car was traced and the shipper informed that it passed Ogden and Omaha and the approximate date of arrival given four or five days in advance. The consignee, the traffic bureau, that this information saved them from sending a motor truck to Chicago for a small lot of material to tide them over until the large shipment arrived.

Schedules on Hand.
"We can also be of much value to the busy business man when he is called out of the city on business or pleasure," explains Mr. Houck. "Train schedules, berth reservations can be procured for him and fares quoted. We all know the trouble of getting this information from the depots, not from any negligence on the part of the railroad employees, but due to the great amount of telephone calls made to the depots and the phones being busy when you want certain information."

Continuing he says: "Perhaps the greatest amount of good done for the community is in reduction of rates as it enables the various dealers to sell cheaper to their customers. There are other community matters handled such as transportation advantages being pointed out to industries wanting to locate here, and matters and general transportation matters."

AMERICAN LEGION BRINGS MAGICIAN TO CITY FOR SHOW

EUGENE LAURANT.

Rated as the leading mystifier upon the lecture platform, Eugene Laurant and company will appear at the Baptist church at 8 p. m. Friday under the auspices of the American Legion. The production is so equipped with lavish stage settings that special arrangements have had to be made in order to enable him to present his attraction to the best advantage.

Scientists, it is claimed, have been bewildered by Laurant's slight of hand ability. They have had him appear before them for scientific research. In order to permit children to attend this number, one of the most delightful and appealing of the legion's course this year, all under 12 will be admitted free if accompanied by an adult. Mr. Laurant will be assisted by Miss Grace Peters, a talented pianist, who will give solos.

Anti-Trust Violators Are Jailed

New York.—Four active members of the Tile, Grate and Mantel Manufacturers and Dealers association, who were among those who pleaded guilty last week to violating the Sherman Anti-Trust law Wednesday were given jail sentences by Federal Judge Van Fleet. P. H. Nobbe, Arthur S. Stone, and Albert Schalle were sentenced to four months in jail and fined \$4,000 each. Herman Petri was sentenced to two months in jail and fined \$2,500.

PAULSON ASKS COUNTY AID TO BUILD NO. 10

Continued from Page 1.
that the balance of the general fund, amounting to \$25,000 will be placed for such a fund it legal. An appropriation of \$2,000 was passed for the building committee. No further additions to the county system of roads in Spring Valley and other townships having "their county lines now" completed was recommended by the highway committee through H. B. Mosley, Belmont township.

"It is only fair that the townships not having a complete county road system be attended to first, before we make additions," Supervisor Mosley pointed out. The report was accepted.

Reports were made for committee 10, 5 and a special report from District Attorney G. Dunwiddie. The county board will allow the filing of the farm property and farm buildings in the town of Janesville for school purposes—providing the charitable buildings be exempted. District Attorney Dunwiddie held that the county could allow county property to be taxed for school purposes. Objections were made to tax the buildings on the county farm. Supervisor F. W. Korn introduced the resolution. With so much business still to be transacted including the budget, equalization committee report, the supervisors will not complete their session Wednesday night, it is believed. Adjournment will probably be taken over Thursday.

FIRST WOMAN TO SIT IN KENTUCKY GENERAL ASSEMBLY

Mrs. Mary Elliott Flanery, of Catlettsburg, will be the first woman member of the Kentucky legislature. She will take oath of office in January at Frankfort. In addition to this unusual honor, Mrs. Flanery overturned a normal Republican majority of 1,400 in her county and defeated her opponent by 255 votes.

POLICE ORDER RIDS JAIL OF LODGERS

Transient Registration at Lock-Up Drops from 16 Nightly to 3 and 4.

Chief Charles Newman's order to arrest all lodgers at the depots and other points on vagrancy charges has had a surprising effect in cutting down the nightly registration for bunks in the city lock-up. Where the number of "sleepers" had been averaging from 11 to 16 a night, only three stayed there Tuesday night, and four the previous night.

The arraignment of 10 men on vagrancy charges, Monday morning, is believed to be responsible for the great decrease. It is apparent to police that news of the action has been "leaked" around sufficiently so that Janesville will be bothered but little with the transients from now on through the winter.

Every night, those who apply for lodging at the city jail are permitted to stay there, but are advised not to come back again or they will be taken out for vagrancy. They are told they may have lodging for one night, but must keep moving.

Coffee and rolls are plentiful about the police station morning now since the police resumed their plan of providing breakfast for the lodgers. The men are given all the rolls they can eat and all the coffee they want. P. E. Green, of the Blue charity committee, is in charge of the work.

COMES TO FARLEY AS PRESS AGENT FOR JOHN BULL

Lord Riddell.

Lord Riddell, millionaire British newspaper proprietor, will attend the Washington arms conference as general press agent for the British government.

Much Good is Accomplished in Farm Meets

Two Farm Bureau meetings were held Tuesday night, one in Evansville and the other in Hanover. Cave of orchards and organization of spraying rings was discussed by W. Gifford, University of Wisconsin, during the Plymouth township meeting in Hanover hall. Farmers attending were enthusiastic over the plans. The program was in charge of George Hemmingsway and the freshets in charge of Mrs. J. O. Miller. There was music by Mrs. Masters, readings by Miss Smiley and a duet by Adeline Bernis and Doree. A political speech by the milk producers attending the Evansville meeting for petitioning the board of the Chicago marketing company to increase the price of milk was turned down. The milk price, it was held, are left in the hands of the committee.

A meeting will be held in Magnolia township for the organization of a cow testing program. Eighteen members have been secured and additional members are being sought from around Postville. County Agent T. G. Galloway spoke on the value of the associations.

The county tester, Howard Miller, will be used by the Evansville producers to make factory tests twice a month. More time has been used on Union township soils than in any other township in Wisconsin. Two crushers are working near Evansville and a cotton gin is being used in connection with the township soil survey made this summer.

SLOAN'S RELIEVES NEURALGIC ACHES

FOR forty years Sloan's Liniment has been the quickest relief for neuralgia, sciatica and rheumatism, tired muscles, lame backs, sprains and strains, aches and pains. Keep Sloan's handy and apply freely, without rubbing, at the first twinge. It eases and brings comfort surely and readily. You'll find it clean and non-skin-staining. Sloan's Liniment is pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's Enemy)
Stops itching skin troubles.
The tortoise of skin itch will quickly be relieved by applying before bedtime. Dr. Hobson's Family Remedies.

TWO CARS WITH ONE LICENSE, COMMON

Auto license violations continue heavy in the southern part of Wisconsin, according to C. G. Bennett, state auto license inspector for this district, who was in Janesville Tuesday and Wednesday.

The most common violation is for two car owners to buy but one license and each use one of the numbers, Mr. Bennett said. "On my first 1921 visit to Hartford, the home of the Kissel car, I found eight such cases. In Janesville, turning a few weeks later, I got six and on my visit there last week there were five more."

Mr. Bennett's visit to Janesville resulted in the arraignment in municipal court of George Hill. He was fined \$10 and costs for running his car on license plates issued to his mother-in-law.

ELECTRICAL EXPERT DIES
Milwaukee.—Walter Richards, 50, electrical expert of a corporation here, died following an illness of a year. Mr. Richards was a graduate of the engineering college at the University of Wisconsin and had attained a state wide reputation in his profession.

BABCOCK DECLARES FILLED MILK POOR

Not Nutritious Food, Says Venerable Inventor at Hearing.

[By Associated Press.]

Madison.—Dr. Stephen Moulton Babcock, inventor of the Babcock milk test and noted scientist of the University of Wisconsin, testified Wednesday in the hearing before Judge A. G. Zimmerman that filled milk is not a nutritious food containing the necessary constituents for a well balanced diet.

The venerable scientist, now 75 years old, opened the state's case against manufacturers of filled milk, who are fighting the state law which prohibits manufacture and sale of its product in Wisconsin. He told of his research work which has established that whole milk affords the best source of fat soluble vitamins, necessary for human growth, and testified that milk compounds filled with coconut oil, could not be substituted for the original product of the country.

Dr. E. V. McCullen, dietician expert of Johns Hopkins University took the stand late in the morning. Dr. McCullen is considered the lead-

65 PCT. OF STOLEN CARS RECOVERED

Twelve of 19 Taken Here This Year Are Returned to Owners.

From 60 to 70 per cent of automobiles stolen in Janesville are recovered, according to the records of the police department which show that of the 19 stolen here so far this year, 12 have been found and returned to their owners. This is a 63 per cent average which may be bettered before the end of 1921 by the recovery of some of the seven missing ones.

The percentage of recovery here last year was 66, with 10 of the 15 stolen, returned. So far this year, four cities machines have been picked up here for police in other cities. Last year's record in this work was the same.

Most of the cars stolen this year were insured, the risk companies in the majority of cases making settlement with the policy holder after a 60-day period and elapsed. The theory of the insurance companies is that cars missing for two months will in most cases never be recovered.

POWER OFF TWICE
A heavy surge from an unknown cause on the high voltage line of the Janesville Electric company outside of the city darkened portions of downtown business district twice Wednesday morning. It caused the local plant to lose the load momentarily.

"I see Nerissa is wearing woolen stockings," "Oh huh," "She thinks they make her—limbs look plumper," "Might be something in that theory if she's wearing about eight pairs,"—Gautierite Courier-Journal.

NATURE PUT IRON FOR YOUR BLOOD

"Your husband has to do the housework," "Perhaps," reflected his wife sadly, "that's what makes him act like the King of beasts at home."—American Legion Weekly.

[By Associated Press.]

Madison.—Dr. Stephen Moulton Babcock, inventor of the Babcock milk test and noted scientist of the University of Wisconsin, testified Wednesday in the hearing before Judge A. G. Zimmerman that filled milk is not a nutritious food containing the necessary constituents for a well balanced diet.

The venerable scientist, now 75 years old, opened the state's case against manufacturers of filled milk, who are fighting the state law which prohibits manufacture and sale of its product in Wisconsin. He told of his research work which has established that whole milk affords the best source of fat soluble vitamins, necessary for human growth, and testified that milk compounds filled with coconut oil, could not be substituted for the original product of the country.

Dr. E. V. McCullen, dietician expert of Johns Hopkins University took the stand late in the morning. Dr. McCullen is considered the lead-

To the Public!

Never in all my sixteen years of experience in the retail business have I offered such values or disregarded the cost of merchandise as I am now doing.

When I say cost I want you to realize what that means, as I buy practically everything direct from the manufacturers for cash, and so get the lowest possible price, and in deciding to put on this sale I realized that there was only one way to get the public to buy, and that was to give them such values as they have not had offered them in five years. You will realize this when you look over this list which contains but a few of the hundreds of articles which I am offering below even the present wholesale cost. Come and be convinced.

Sincerely yours,
M. RASHID

Money Raising

SALE

10 DAYS OF GREAT BARGAINS 10 BEGINNING

Saturday, November 26

DOORS OPEN AT 9 O'CLOCK A. M.

For the convenience of those who cannot attend the sale during the day we will remain open until 9 p. m.

The reason for this big slashing of prices during our sale is that we are overstocked and would rather sell the goods for little money than keep them on hand.

Below we are offering great bargains, in fact, everything in our store will be sold at a great sacrifice.

REMEMBER THIS: Our expenses do not compare with down town stores, thereby enabling us to give YOU these big values.

Our stock consists of Dry Goods, Shoes, Rubbers, Men's and Women's Furnishings, a full line of Blankets and Comforters, and a Complete Line of Groceries and Fresh Meats.

A CALL AT OUR STORE WILL CONVINCE YOU!

DO NOT MISS THIS GREAT SALE!

NOTICE!

On November 25th the Store will close in the afternoon to arrange and mark the stock.

NOTICE!

During this sale we decided to put our Fancy Work at a very low price, that means for you to save 50 per cent discount. We name a few articles to give you an idea of what we have.

SAMSON IN CLEAN SWEEP AT TORONTO

Janesville-Made Tractor Captures All Honors in International Meet.

Made in Janesville scored another international and national victory when the Samson tractor captured the grand prize in the international meet held in Toronto, Ontario, Canada, from Nov. 15 to 19. The Samson tractor, driven by Fred G. Sinclair, of Janesville, won the gold medal for excellence of work with a record of 1.34 seconds per acre.

Results obtained in the tractor plowing test held in Janesville, Ontario, Canada, under the supervision of W. J. Sanders, Kansas agricultural agent, showed the Samson tractor, also known as the "Samson," pulling two plows, eight inches deep, developed a maximum draw-bar pull of 2,000 pounds, with a minimum of 800 pounds. The average draw-bar pull was 1,555 and the pounds per plow amounted to 827 which compared favorably with tractors rated up to 2,000 pounds.

In the Canadian contest it was demonstrated that the Samson is as efficient when hauled by the engine as when hauled by the tractor. This is the outstanding fact of the whole demonstration, for it is every-day performance when operated by the engine, a man and a horse, or a man and a tractor, that counts.

The provincial plowing match, an Ontario institution, is held yearly and is looked forward to with great interest. Thirty thousand people attended, while at one time over 2,000 automobiles were counted parked around the demonstration site.

KILLS 3 WOLVES, FIGHTS FOR HIS LIFE WITH FOURTH ONE

Footville, Oct. 23.—Harrison Smith, a farmer living near here, was Tuesday preparing to claim a bounty of approximately \$70 on four wolves which he killed on his farm. Coming on the pack alone, Smith shot three of the pack and the fourth one, which was the largest, he fought for his life and the remaining wolf attacked him. Smith was forced to use his gun as a club to kill the animal.

FOOTVILLE GIRL IS MARRIED TUESDAY

Footville.—A pretty wedding took place at 9 a. m. Tuesday at St. Augustine's Catholic church when Miss Hazel M. Murphy, daughter of James Murphy, became the bride of Henry Harpach, of Janesville. The Rev. M. J. O'Connell officiated.

The bride wore a gown of white champagne with lace and wore a bridal veil with orange blossoms. She carried a bouquet of lilies of the valley and ranunculus. Miss Anna Fitzgerald was bridesmaid. She wore a gown of pale blue Georgette and carried pink roses. Daniel Murphy, brother of the bride, was best man.

A four course wedding breakfast was served at the home of the bride's father to 40 guests. Misses Pauline Kelly and Edith Knight served. The home was decorated in pink, white and blue and the table was made beautiful with a centerpiece of chrysanthemums.

The couple went to Janesville, where they will be married by the Rev. M. J. O'Connell, on Saturday. They will be at home to their friends on their farm in Magnolia after Dec. 1.

Special dinner tomorrow from 11 A. M. to 1 P. M. No reservations. Convey & Lary Sweet Shop. Advertisement.

HOLD MEETING FOR LAW ENFORCEMENT

Lake Geneva.—The percentage of prohibition agents killed last year is several times greater than the percentage of American soldiers killed in the World War. The suppression of moonshining and prohibition agents is the subject of a meeting to be held at the home of Mrs. J. W. Puch, former United States prohibition commissioner, at a luncheon at the Y. M. C. A. for the purpose of rallying public opinion in Lake Geneva.

The meeting will be held at the Y. M. C. A. for the purpose of rallying public opinion in Lake Geneva. The meeting will be held at the Y. M. C. A. for the purpose of rallying public opinion in Lake Geneva.

LITERARY SOCIETY IN ANNUAL BANQUET

Milton.—The annual banquet of the Milton literary society of Milton college will be held Saturday night in the basement of the Seventh Day Baptist church. In addition to present active members of the organization, many alumni and former students have reserved places for the event. H. P. Kakusko, Janesville, is president of the society and toastmaster. Attorney A. E. Gacy, Janesville, a member of the society, will give the invocation.

WOMEN RAISE \$550 FOR ST. MARY'S SCHOOL

To make improvements on St. Mary's school, the women of the church combined in holding a bazaar and chicken supper at the hall Monday night raising \$550. More than 500 people were served at dinner between 6 and 9 p. m. Articles of clothing, work and other suitable Christmas gifts were sold. More than 1,000 attended.

HORSE BEATEN FINE

Chicago.—A horse beating and horse beating are on the same plane. Judge Lawrence Jacobs decided Tuesday. He fined Joseph Kavanagh, Argo, Ill., \$50 and costs for beating his horse.

CHILD DIES OF BURNS

Kenosha.—Little Magdalene McDermott, five years, died here Tuesday morning from burns she received Monday night as a result of playing with matches.

CHANGES ARE MADE IN POLICE BEATS

Chief Charles Newman has effected several changes in the police department whereby there will be two patrolmen on the east side beat nights and only one day. The two night men will be patrolmen William Saxby and Leo Lennartz with Patrolman August Sersand on the job during the day, alternating with Patrolman James Ward of the River street beat.

CHURCHES TO HOLD SPECIAL SERVICES

Thanksgiving Day to be Observed by all Denominations Here.

With sermons in nearly all the churches of the city Sunday and Monday decorations, there will be ample opportunity for Janesville people to express their feelings of thankfulness to God for His mercies and join in the many services Thanksgiving day, without interfering with the special dinner, the pride of the household on that day. Most of the services are planned for 10 a. m., so as to be over in ample time for the dinner hour. This year the ministers voted not to join in a union service.

GENERAL APPROVAL OF FRENCH ARMY PLAN IS SOUGHT

Continued from Page 1. France.—It was possible to point to France as the only country in the world that is still imperialistic, as the only country that opposes that disarmament that would lead to a general peace and would deal us a severe blow—and I am quite sure that nothing is further from your minds and from your intentions.

The French plan is to have a general peace and would deal us a severe blow—and I am quite sure that nothing is further from your minds and from your intentions.

STRONG MEN WEEP AS TEAR GAS BOMB IS GIVEN TRYOUT

Chicago.—Strong men wept Tuesday when the Chicago police department had its first instruction in the use of a new tear-gas bomb, developed by Sgt. J. J. Connelley. The bomb, about the size of a baseball, is designed for use in dispersing mobs and forcing into the open fugitives who seek refuge in barricaded houses.

BLAINE-MORGAN BREACH WIDENED

Controversy Grows with New Exchange of Notes; Rivalry Seen.

Madison.—There is general belief expressed among politicians here that Governor Blaine has opened a controversy with Attorney General Morgan that will not end until the primaries of September 1922. Those close to the attorney general are of the opinion that he will be called on to oppose Governor Blaine for reelection at that time and that recent developments have strengthened that belief.

Mr. Morgan has been receiving letters from political leaders in all parts of the state asking that he be a candidate for the chief executive's position at the next election. While no official word has been given out, it is believed quite likely that he will give a definite reply to these inquiries within a short time, explaining his stand.

The exchange of letters which Governor Blaine opened last week with a criticism of the attorney general for what the governor said was delay in prosecuting certain cases started by the attorney general's department and the reply of Mr. Morgan that any delay was caused by the executive's refusal to cooperate with him, has been followed by another and more sharp exchange. These letters have not been allowed to reach the public, however.

Governor Blaine has withheld his letter from newspapers, and Attorney General Morgan refuses to divulge his contents. He is known to have replied, and likewise has withheld his letter until the governor allows his statement to be made public.

This definite estrangement of the two leading departments of the state government is said by politicians to give credence to the belief that Governor Blaine feels that Mr. Morgan will be called on to oppose him in the 1922 primaries. The attorney general has said that he believes these political differences should be put aside for the time, however, in the interest of state service, and has offered his cooperation to the governor.

Just what plans Attorney General Morgan has for his political future are not known, but he has definitely declared that he would not oppose Senator La Follette for reelection as senator, and that in all probability he would not again be a candidate for attorney general.

Political activity on the part of those opposing the present administration has not yet got definitely under way here. There is said to be a tendency to await action of the committees of 41 which met in February before establishing alignments. The La Follette-Blaine organization is getting well under way and is preparing for a thorough campaign.

RESERVE ARMY IS LATEST U. S. PLAN

Officers Named for 403d Infantry. One from Here—Train 15 Days Yearly.

Harold J. Dane, manager of the Springfield & Dixon Lumber company of this city, has been assigned as the war department as senior captain in the 403d infantry, 1st reserve division, Wisconsin. This does not entail active service, except 15 days a year at camp if Congress provides sufficient funds. Appointment is for five years. During the world war, Capt. Dane served with the 328th machine gun battalion in the 8th division.

Reorganization of the reserve officers training corps of the 8th division, headquarters Chicago, is announced in instructions received here Wednesday. Other officers assigned to the 403d infantry, in the order of their seniority, are:

1st Lieut. George A. Shumley, Madison; 2nd Lieut. Charles J. Sumner, Decatur; 1st Lieut. James E. Davis, Barneveld; 2nd Lieut. George J. Gersdorf, Lancaster; 1st Lieut. Robert O. Quick, Madison; 1st Lieut. Nathaniel S. Blanchard, Beloit; 1st Lieut. Herbert W. Burrows, Dodge; 1st Lieut. Elmer C. Dallmann, Portage; 1st Lieut. Lytle E. Douglas, Watkinson; 1st Lieut. Lloyd D. Herdell, Madison; 1st Lieut. George A. Gersdorf, Beloit; 1st Lieut. Richard G. O'Connor, Watkinson; 1st Lieut. Louis V. Siegmund, Watkinson; 1st Lieut. Walter E. Thompson, Baraboo; 1st Lieut. Carl C. Urban, Beloit.

Provides Trained Reserves.

According to plans of the war department, the organized reserves will provide a trained, organized and balanced force which may be readily expanded and developed into an adequate war component of the army to meet any major emergency requiring the use of troops in excess of those of the regular army and the national guard. The regular army and the national guard under the new plans for providing an adequate military force may be employed separately or together in minor and in major emergencies. The reserve officers, constituting the third component of the army are to be a war force and can be employed only in the event of a national emergency declared by Congress.

Since the World war, the army staff has gradually been organizing on a peace basis to provide the essential elements for a complete and immediate mobilization for national defense in time of war. The plan for the 1922 was increased to 22 miles instead of 8 when the county board of supervisors, Wednesday afternoon, passed a resolution to build 7 miles of the Janesville-Evanston highway and 7 miles of the Janesville-Broadhead road, next year. The resolution was adopted following passage of Supervisor M. L. Paulson's motion to reconsider the action of last week.

The changes were made with the assurance that the Clinton road will also be built in 1922.

The plan is to build a 7-mile stretch to Evansville first, starting at the city limits of Janesville and using the county equipment and supervision. The No. 20 job would be started at the state construction line inside the city limits.

Supervisor W. S. Perrigo introduced a motion later to have the county buy more road equipment to keep two crews at work all next year. This was subjected to considerable discussion.

MATE UNFAITHFUL, SAYS ALICE BRADY, SEEKING DIVORCE

Alice Brady. Alleging that her husband, James L. Crane, has been unfaithful, Alice Brady, star of the stage and screen, has filed suit in New York for divorce. Crane, a film actor, is the son of Dr. Frank Crane, famous editorial writer and publicist.

22 Miles of Concrete on 22 Program

BULLETIN 2:45 P. M.

Rock county's concrete road program for 1922 was increased to 22 miles instead of 8 when the county board of supervisors, Wednesday afternoon, passed a resolution to build 7 miles of the Janesville-Evanston highway and 7 miles of the Janesville-Broadhead road, next year. The resolution was adopted following passage of Supervisor M. L. Paulson's motion to reconsider the action of last week.

The changes were made with the assurance that the Clinton road will also be built in 1922.

FINE GRAPT.

Grammar—"So you're a caddy who always keeps his eye on the ball?"

Park—"Yes, he can go out and find every one of them as soon as I've left the links."—New York Sun.

zation will be largely one of organization and not its individual. The reserve officers who have obligated themselves in time of peace will be called to active duty and receive priority of appointment.

ACTRESS, ALLEGING BROKEN HEART, SUES OKLAHOMA SOLON FOR \$50,000

Miss Anna Elizabeth Niebel and Congressman Manuel Herrick. Miss Anna Elizabeth Niebel, New York show girl, has taken the first steps in a \$50,000 breach of promise suit against Congressman Manuel Herrick of Oklahoma. In discussing the courtship, Miss Niebel recently declared that Herrick is "a lick lover and looks like a pansy."

ALL JANESVILLE TO ENJOY HOLIDAY

Services in Churches, Family Dinners, to Mark Thanksgiving.

Thanksgiving, the national holiday which originated in the days of the Puritans, will be observed in Janesville Thursday, with the great American family dinner, the closing of all public buildings, factories and business houses, special services in the churches, and the turkey and pumpkin pie.

The general delivery window in the post office will be open from 8 to 9:30 p. m.

Services of thanksgiving will be held in all the churches, Thursday morning. The annual three mile cross country run under the auspices of the Y. M. C. A. will start from Milwaukee and High streets at 8 a. m. Many non-resident families will sit down to feasts which have become a part of the Thanksgiving observance in America. There will be turkey, pumpkins, the duck and chickens. Absent members of families started their pilgrimages for home to spend the holiday. Many of them are boys and girls at educational institutions throughout the country. Parching will be enjoyed in several halls at night.

Teachers in the schools, taking advantage of the four days' rest from school duties, will have no school Thursday or Friday, will leave Wednesday night for their homes.

So that the day will be of joy to everyone, members of the Girls' club, the Y. M. C. A. churches and other organizations will carry baskets of food to families which are in destitute circumstances and without the means to provide for themselves.

The Janesville public schools will observe the day with programs appropriate to the day. In many, tableaux and plays will be given. The school of Janesville, the school of John Alden and Princeton, and others, were given.

The Freshman-B class will hold a Thanksgiving party at the high school, Wednesday night.

Says Japs Won't Scrap Their Navy to End Menace

Japan did not come into the disarmament conference at Washington with any idea of scrapping her navy or army.

This was the statement made by George Swan, Madison, who has spent eight years in the Orient for the international committee of the Y. M. C. A. He spoke before the local Rotary club at the Grand hotel Wednesday noon.

Even if Japan should enter into any agreement to disarm, she could not be depended upon to carry out the terms any more than Germany in the World war, he declared. He advanced the theory that Japan blames Great Britain for bringing the conference about, so England would regard the Anglo-Japanese alliance as a disgrace.

Admirals Gaining.

While Japan is brooding no interference from the outside world and will always run things to suit herself because her leaders do not see things as the rest of the world, a liberal attitude is growing slowly, according to Mr. Swan. He attributed this to the influence of such organizations as the church and the Y. M. C. A. and the thoughts brought back by Japanese who have returned from studies in foreign colleges.

Japan's military must be curbed, asserted Mr. Swan. Until 1917, he thought a war with America would be a holiday and believed her alliance with Great Britain would make it more so. But the showing of the United States in the world war has changed her attitude. Commenting on the Anglo-Japanese alliance, he said it was good for the world, but it was because a world war was brought about through it, to fight against Germany.

Markham Speaks.

L. A. Markham spoke on concrete roads. He recommended that the Rotary club center with the county board of supervisors with respect to future road plans. Supervisor Snyder of Clinton was a guest. The chairman of J. L. Wilcox, Maurice Wehrick and Joseph Scholer were observed.

TAX REVISION BILL FINALLY ENACTED

Senate Accepts Conference Report on Measure Wednesday.

Washington.—The tax revision bill became law late Wednesday, President Harding signing it at the capitol during the closing hour of the special session of Congress.

Washington.—The enactment of the tax revision bill was accomplished Wednesday with the compliance by the senate of the conference report on the measure. The bill now goes to the president, whose signature will make it a law.

The vote on agreeing to the conference report was 75 to 20, with six republicans opposing the report and one democrat supporting it. The republicans were: Borah, Ladd, La Follette, Moses, Norbeck and Norris. The democrats were: Brandegee, Clegg, Coker, E. A. Tamm, and McLean.

This is the bill which repeals the excess profits and transportation taxes, does away with most of the so-called surtaxes and luxury taxes, reduces individual taxes all along the line and increases the corporation income tax from ten per cent to 12 1/2 per cent.

Now, if any senators supporting the measure were entirely satisfied with all of its sections, but they took the view that it contained more good provisions than bad ones.

JANESVILLE WATER BONDS

Bought and Sold.

We offer a block of these bonds, in \$500 and \$1,000 denominations, to yield 6%. They are secured by a first mortgage supply system, which is absolutely indispensable to our community life, and we can recommend them to the most conservative investor.

70 OUT FOR FIRST MINSTREL REHEARSAL

Sixty men and women gathered at the armory Tuesday night to take part in the first rehearsal of "The Jollies of 1922," the Kiwanis minstrel to be held for the benefit of the local tank corps. The show will be staged at the Myers, Theater, Dec. 1 and 2.

With two special directors from Chicago, work was started on parts and songs. Another rehearsal will be held at Terpsichorean hall at 7:30 p. m. Wednesday. Rehearsals will be held every night from now on.

Monday night a "pop" meeting was held by the club and cast at the Chamber of Commerce. Selection of characters has commenced.

This may be exchanged for reserved seats at the box office of the Myers theater commencing next Monday.

BELGIAN TO SPEND HOLIDAY IN JAIL

Henry Vermeersch, of Newburgh, Belgium, will spend Thanksgiving day in the county jail where he has been held the past 10 days on a charge of first-degree murder preferred against him following the slaying of Mrs. Ned Erickson on the night of Nov. 11. It will be the best worker's first holiday behind the bars, so far as can be learned. His hearing is set for next Tuesday morning in municipal court.

SHORTER THE BETTER

ALL SUPPLIES WE BUY WITH CARE - AND YOU'LL FIND OUR PRICES FAIR

The fairness of the prices we charge for our plumbing accessories please mightily the folks who are in need of such convenience. The fact that we only charge an honest price for our supplies and only render a bill for the actual services we render is building for us a business that pleases us.

For These Things Let Us Give Thanks

That while almost every nation in the world is torn by war and dissension, either within or without her borders, we are at peace. That we are working out our domestic and foreign problems by arbitration and consultation.

That we have enough and to spare to feed, clothe and baffle hidden everywhere.

That prosperity has never really forsaken us, and that she promises to be more largely ours than ever before—if we pursue her with diligence, cooperation and faith.

For these things let us give thanks.

The First National Bank

Janesville, Wisconsin

NOTICE

Payments on Christmas Club accounts at this bank may be made up to and including December 9th.

Checks will be mailed to all members starting December 10th.

Our 1922 Christmas Club will open December 12th. It will be bigger and better than ever.

JOIN THE FIRST DAY.

MERCHANTS & SAVINGS BANK

The White Bank

Wisconsin State Depository.

Thanksgiving

THURSDAY, November 24th,—has been designated as a day of national Thanksgiving by President Harding.

This bank joins with the people of our community, in observing this annual Thanksgiving—the Three Hundredth Anniversary of the First Thanksgiving celebrated by the sturdy Pilgrims in the fall of 1621. We will not be open for business on that day.

As a nation we have every reason at this time to feel truly grateful that we are successfully emerging from a trying period of business and industrial depression and uncertainty following the great war.

As a nation we have every reason at this time to feel truly grateful that we are successfully emerging from a trying period of business and industrial depression and uncertainty following the great war.

We are thankful for the loyalty and genuine friendship that our patrons have shown us during the past months.

For the assistance, helpfulness and security this bank has been able to extend to the people of this community,—we are thankful.

And because true Thanksgiving is best expressed in service to others, the spirit of the season prompts us to offer to all those whom we are not yet privileged to call "customers," the services and facilities of this strong, safe bank.

You have our hearty assurance of continued security and courteous consideration at all times.

With all good wishes,

BANK OF SOUTHERN WISCONSIN

Members of Federal Reserve System.

THIS POOR FARM MADE BIG PROFIT

Walworth County Institution
has Fine Record in Re-
port of 1921.

(Special to the Gazette.)
Elihu—The annual report of the trustees of the Walworth county poor farm and the report of the poor shows a net profit of \$6,276.77 for the year ending June 30, 1921. The cost of living per week at the institution was \$6.78 per week during the year while at the county home it was \$6.57. The report contains many interesting figures concerning the farm and asylum, many of which are presented herewith.

Poor Farm Products.
During the year covered by this report there was a total of \$2,355.61 worth of products sold from the farm. Products to the value of \$1,140.45 were consumed. The total farm revenues from products amounted to \$14,004.61 and the total expenses of the farm amounted to \$1,010.21. The net profit, amounts to \$2,355.61.

During the year a porch of cement and brick has been added to the north side of the main building and a cement floor in the kitchen has also been added. The main building and parts of the main building and porch house as well. An electric plate has been added in both the kitchen of the asylum and poor house.

127 in the Asylum.
At the end of the year there were 127 in the asylum 89 of which are from this county. In the county there were 57, a gain of two during the year.

According to the report from Superintendent, Fred Menzies, there were on the farm June 30 last, 127 inmates, 57 from this county, 900 chickens; 100 tons of hay, 300 tons of silage; 100 bushels of oats and 100 bushels of barley. Farm crops for the year include 58 acres of hay which yielded 156 tons; 25 acres of oats which yielded 1,636 bushels; 100 acres of corn yielding 650 tons of silage and 3,000 bushels of corn; 25 acres of potatoes produced 1,500 bushels. Other crops include 100 bushels carrots; 100 bushels beets; 5 bushels beet roots; 20 bushels turnips; 75 bushels onions; 10 bushels radishes; 200 bushels tomatoes; 50 bushels sweet corn; 15 bushels of string beans; 5 bushels of cauliflower; 20 bushels of pumpkins; 10 bushels of asparagus; 10 bushels of kohlrabi; 10 bushels of vegetable oysters; 50 bushels of Swiss chard; 100 bushels of lettuce; 2,000 lbs. of peas; 2,000 lbs. of cabbage; 200 head of pumpkins; 500 head of squash; 100 bushels of cucumbers; 25 bushels of berries; 25 stalks of celery; 5 bushels of peppers; 50 tons of sugar beets; from 1 acre 8,500 lbs. of sugar beets; 1 acre 10,000 lbs. of sugar beets; 4,000 lbs. of sugar beets; 150 lbs. of poultry; 150 lbs. of veal; 1,200 cans sweet corn from the cannery; 800 chickens raised; 45 pigs raised; 10 calves raised; 200 head of hogs sold; \$500 of cattle sold; \$615.69 cream sold. There were 1,735 quarts of fruit canned the past season; 120 gallons of pickles of various kinds were put up.

Patients in Good Condition.
The physical condition of the patients has been good during the past year due to the careful attention given by the county physician, Dr. Edward Kline.

**Feel Weak, Tired,
"All Played Out?"**

**Kidney and Bladder
Troubles HAVE TO GO**

Glueged Up Kidney Deposits Are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Will Guarantee It in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys. So whatever you do, don't neglect them." Dr. Carey's famous prescription No. 1, known as Marshall's, is not recommended for everything, but we cannot too strongly urge its use. You suffer from annoying bladder troubles, frequent passing of water, night and day, with stinging or irritation, or from a constant flow of colored urine, bloating, irritability, with loss of flesh, backache, rheumatism, or any other ailment, try Marshall's. Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be easily relieved, and cured, by using Marshall's.

Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will build upon you slowly and stealthily and with unfeeling certainty.

Never mind the failures of the past if you even suspect that you are suffering from kidney disease. Use a single day for People's Drug Co. and every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

Youth-Gland
(GRUBER-KRAFT)

—the most modern of all tonics—recently brought to America after successful use abroad—many times more effective than any stimulant—certain and quick in restorative results and a permanent builder of gland tissue.

Youth Gland contains gland substance, and its use is in very fact equal to the gradual transplanting of glands—but without the doubts or uncertainties attendant upon an operation.

Youth Gland is also rich in Vitamines, Bulgarus and Nuclein—therefore rich in the greatest of all life-giving, strength-building powers known to science.

Rejuvenates • Rebuilds • Regulates
Dr. Arnold Leland, one of the world's greatest authorities in medical progress, says in his book, "Old Age Deferred" (in discussing the glands): "We must insist on the reinforcement of their functions, if changed by age or disease, by means of extracts obtained from similar organs of healthy animals."

This advice you are now, for the first time, able to follow by taking small Youth Gland Tablets. Designate whether you wish "male" or "female."

Distribution of Youth-Gland Tablets is almost complete. But if your druggist has not yet received his supply, ask him to phone his jobber for a special bottle for you, as we are supplying actual demands from before allowing large stocks. Every package carries full directions and a supply for 15 days' treatment.

Orfordville

(By Gazette Correspondent.)
Orfordville—Much of the tobacco crop was taken down in this section during the damp weather and farmers are busy stripping. The local Jordan plant has again commenced condensing milk. They are continuing to separate milk. Mrs. Charles Miller, Evansville, a visitor with her sister, Mrs. William Tomlin, No. 20 Thanksgiving turkeys are in evidence at the local market, the indication being that this luxury will be largely foregone this year. An Et Tomlin, Evansville, was in town on Monday. His daughter, Boutin, returned home with him.

Sharon

(By Gazette Correspondent.)
Sharon—The Married Folks Card met Monday night in the Mysic Worker Hall and refreshments were served by Mr. and Mrs. Curtis Bockner, Mr. and Mrs. Art Davis, Mr. and Mrs. Claude Densmore and Mr. and Mrs. Ed Miller. The guests were Mrs. J. Joffers and Miss Anna Peterson spent Sunday in Deloit with the former's wife, who is a patient in the Deloit hospital. Mrs. John Chester spent Monday in Janesville. John Emerson was a Chicago visitor Monday. Mrs. Fred Ryder returned Monday from a visit with relatives in Deloit. Mrs. Will Hamilton spent Monday in Harvard. Mr. and Mrs. Dave Hollinger returned Monday from a few days' visit with friends in Chicago. Mr. and Mrs. John Chester left Monday night for Whitehall, where they will visit over Thanksgiving day with their daughter, Mrs. Herman Koch and husband. Mrs. R. E. Reister spent Monday in Harvard with Mr. and Mrs. Art Singer. J. H. Hayes went to Chicago Monday. Mrs. D. C. Dabb of Lake Bluff spent Tuesday with friends in town. The annual thank offering service will take place year due to the careful attention given by the county physician, Dr. Edward Kline.

What is Health?

Health is complete efficiency. Health is harmony. Health is happiness and peace of mind. Health is the thing that people must have to be happy. If you have health you don't need anything else. If you haven't got it nothing else is worth having.

And what makes and keeps people healthy? Proper distribution of nervous energy, which keeps every part of the body doing what it should all the time. Chiropractic is the key to health because it is the key to the spine which permits or prevents proper distribution of nervous energy. Resolve to be a healthy man or woman from now on and start out by coming to us for a free spinal analysis.

About your Health

The Cure Must Come From Within

All "cures" are made by nature. No other thing ever has or ever will cure anybody of anything. But by studying the processes of nature and intelligently applying what we learn it is often possible to greatly aid nature in her work and speed up her activities.

Chiropractic adjustments keep your spine straight and keep open the highways through which nature sends her curative agents. Just a very few adjustments will often clear up a very annoying complaint, even though everything else has failed. You will find us always glad to explain more about Chiropractic.

BETTER THAN I'VE BEEN FOR YEARS, SAYS LOCAL WOMAN

Riverside St. Lady Gives Testimony All Credit For Her Present Good Health.

"I'm honestly feeling 100 per cent better now than I have for years and I have this great medicine to thank for it all," enthusiastically declares Mrs. F. Zierath, 903 Riverside street, Janesville.

"I'd spent much money trying other medicines but nothing seemed to reach my back before using Truona," she said. "After meals I'd become swollen and bloated from gas formations, which also seemed to affect my heart and made me short of breath. I was actually afraid to eat a hearty meal for I knew I was sure to pay up afterward in suffering. Well, sir, it hardly seems possible that any medicine could have given me the relief that Truona has. I simply feel fine now. My stomach troubles—well, I seem to have a new stomach, as none of the food I eat ever hurts me nowadays. My appetite was never better and I thoroughly enjoy eating a big hearty meal, since I have no fear or apprehension. Truona has regularized my bowels so well that I never think of taking laxatives any more."

Truona will do for YOU just what it has done for Mrs. Zierath. Buy a bottle of this famous tonic TODAY in Janesville at the PEOPLE'S DRUG STORE, in Clinton at Bodens' Edgerton, Atwell & Dallman's, Delavan, Murphy & O'Neil's, Evansville, Pioneer Drug Store and at good druggists in surrounding towns.

Wilcox, George Sherman, R. G. Pierson and E. L. Lamont; Clerk of course, Charles Atkinson; Timers, Joseph Davant, J. A. Steiner and Floyd Rehner; Examiner, Dr. Emil Schwelger; Starter, A. E. Bergman; Massener, Oscar Fredholm, R. M.

BRINGING UP FATHER

24 Out for Milton College Basket Squad

Milton—Basketball practice at Milton college began Tuesday afternoon, when 24 candidates reported to Coach Crandall in the gymnasium. Last year's varsity line-up included: "Left" guard, Fred Smith; "Right" guard, Fred Smith; "Left" forward, Fred Smith; "Right" forward, Fred Smith; "Center", Fred Smith. In addition, there are several promising new men who will make the varsity work to keep their places. Close followers of the game are predicting at least one or two changes in the lineup due to the wealth of new material coming for places on the team. The five veterans who composed last year's quintet are Leaphors and G. Sayre, forwards; Oakley, center and Kakuske and Hemphill, guards.

Milton's stock in the state championship race went up another notch with the announcement that George Babcock, captain and center of the team two years ago, plans to re-enter college this winter. Babcock, whose clever dribbling and keen eye were important factors in Milton's victory over Beloit in 1919, left college in midseason. His return this year will be heralded with joy by Miltonites. Captain and star guard of the Union high school team that won the Milton tournament cup last March, is expected to make a strong bid for a place on the varsity. Five other promising freshmen are Diller, formerly center at Superior high school; Seager, a speedy forward from Shiloh, N. J.; and Lehman, an all-around athlete from Dodge Center, Minn.

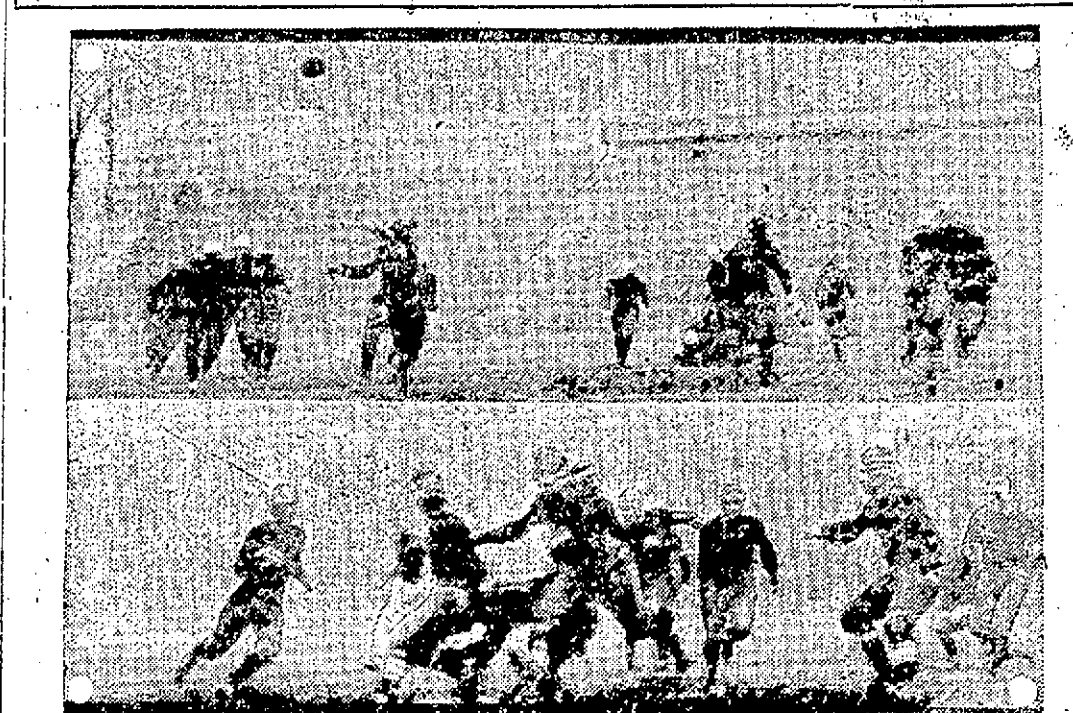

Marquette university opens the season here Saturday, Dec. 10. About 20 games in all will be played.

SECOND ROUND OF CITY PINS WEDNESDAY
West Side.
Janessville Pure Milk Co. vs. Merrick Dairy Co. 3-4
Lewis Union Suits vs. Ice Cream Co. 1-2
East Side.
Yahn's Kelly Springfield vs. Gazette vs. Lake Rites 4-5

After a lay-off of a week, the City League bowlers return to the drives Wednesday night. The league is now in the best shape of several years. If better scores do not result, it will be due to the men alone. Wednesday starts the second round of the league with the Merrick Dairy company on top. The Cronin Dairy company and the Shurtlett Ice Cream company rank in a tie.

FOOTVILLE OPENS WITH ORFORDVILLE
Footville.—The first basketball game of the season will be played between Orfordville and Footville here Nov. 29.

Iowa Interference Won Conference Title

Two glimpses of Iowa attack. Above, G. Devine is ready to take a forward pass from Capt. A. Devine. Below, Capt. Devine is circling the right end just before scoring one of his three touchdowns.

Milwaukee Men Lead Pin Meet

Des Moines, Ia.—Des Moines bowlers failed to displace the leaders in the Mid-West Bowling tournament here Tuesday night. Omaha bowlers will make their assault on the leaders Wednesday night. The "upper" five leaders in the tournament and their scores follow:

Southside Males, Milw.	2,888
Senior Citizens, Fremont, Neb.	2,888
Ziegler Chocolates, Milwaukee	2,837
Woolster, Lambert, No. 2, St. Louis	2,823
Smith Arcades, Milwaukee	2,821

J. Smith, Milwaukee	1,825
F. Lorenz, Milwaukee	1,770

"MENDY" SHOWS GREAT IN LOSS TO KANSAS

Milwaukee.—Rocky Kansas outpunched Johnny Mendelsohn for ten pounds Tuesday. Mendelsohn, though, bested, won thousands of friends by his showing against the conqueror of Low Tender and hundreds of spectators thought he did well enough to earn a draw.

Kansas battered Johnny from post and end from side to side, but Mendelsohn rushed in for more at every exchange.

MURDER SUSPECTS TAKEN IN CHICAGO

Chicago.—Two men, believed to be the pair who recently killed the chief of police of Eau Claire, Wis., were captured here early Wednesday by a police squad.

The prisoners are Gus Saunders, 29, said to be a safe blower; and Calvin Lester, 31. Police say they admitted being confined at Eau Claire last July, when the police officer was killed during a jail delivery.

A police squad captured Lester at 5 a. m. Wednesday after an automobile chase in which several shots were fired. He gave them Saunders' address. A squad, led by Sergeant Jack Boschulte, went to Saunders' house and broke in the door. Saunders' police dog, drove a gun, but before he could fire, Boschulte, a former prize fighter, knocked him out.

BRIEFS BY WIRE

Los Angeles.—Four Santa Fe officials were killed and five injured when their inspection car overturned.

Chicago.—The Chicago, Milwaukee and St. Paul railway announced freight reductions ranging as high as 40 per cent.

Brighton, Colo.—Five persons were killed and another fatally injured when their automobile was struck by a train.

White Plains, N. Y.—An effort will be made to try hearings in the Sullivan divorce suit to Canada. It was announced.

Hoppe Loses to Schaefer

Chicago.—The world's 152 ball-line billiard championship will be decided Wednesday night. "Young Luke" Schaefer, son of "old Luke" who was "virtually" invincible years ago, will try to repeat his victory of Tuesday night over Willie Hoppe, present title holder, and for a decade looked on as unbeatable.

Schaefer gave Hoppe his first beating since 1912, and the worst in his career, when he overpowered the champion Tuesday night 400 to 28 and went into a lie with him for first place in the international tournament held here Wednesday's prize match is an extra contest to break the tie and will be at 500 points instead of 400—the number played in the regular matches.

Schaefer made shot after shot that brought the crowd to its feet cheering. Hoppe made some great plays, but could never get the balls together for a run.

Schaefer had high runs of 192 and 129 and advanced 66 5-6 against Hoppe's average of 4 1-3 and high run of 15.

New York.—Eddie Meusel, center-fielder acquired in September by the New York American League club from the Cincinnati Reds, club in the Southwest league, has been "farmed out" to Buffalo in the International league.

Chicago.—William C. (the Boston A. A. who started his athletic career at Brown university and who was a member of the American Olympic team of 1906, yesterday was elected president of the National A. A. U. at the final session of the annual convention held at the Hotel La Salle.

They are Eddie Hearne, Tommy Milton, Frank Elliott, Ralph DeFalm, Joe Thompson, Roscoe E. Scales, Eddie Miller, Jimmy Murphy, Benjie Hill, L. Wondrich, Don Fretwell, Ralph Shoddy, Harry Hartz, A. Melcher and Art Klein.

The distance will be 250 miles or 200 times around the mile and a quarter track. Prizes totaling \$35,000 will be given.

15 AUTO RACERS IN COAST GRIND

Los Angeles.—Fifteen drivers have entered the automobile race—termed an "international championship" contest, to be held Thursday at the Los Angeles speedway, at Beverly Hills.

They are Eddie Hearne, Tommy Milton, Frank Elliott, Ralph DeFalm, Joe Thompson, Roscoe E. Scales, Eddie Miller, Jimmy Murphy, Benjie Hill, L. Wondrich, Don Fretwell, Ralph Shoddy, Harry Hartz, A. Melcher and Art Klein.

The distance will be 250 miles or 200 times around the mile and a quarter track. Prizes totaling \$35,000 will be given.

Mark Twain Tells Knowledge of Billiards

Mark Twain told the spectators at a billiard tourney what he knew about the game and kept them laughing while he talked. He said:

"The game of billiards has destroyed my naturally sweet disposition. Once, when I was an underpaid reporter in Virginia City, whenever I wished to play billiards I went out to look for easy marks. One day a stranger came to town and opened a billiard parlor. I looked him over casually. When he proposed a game I answered, 'All right. Just knock the balls around a little so I can get your pail,' he said, and when I had done so he remarked, 'I'll be perfectly fair with you. I'll play you left-handed.' I felt hurt for he was cross-eyed, crooked and had red hair, and I was determined to teach him a lesson. He won the first shot, ran out, took my half dollar and all I got was an opportunity to chalk my cue. If you play like that with your left hand, I said, 'I'd like to see you play with your right.' 'I can't,' he said, 'I'm left-handed.'"

FIGHT DECISIONS

Philadelphia.—Benny Leonard outpointed Sailor Friedman (15).

Milwaukee.—Rocky Kansas outpointed Johnny Mendelsohn (10); Frankie Schnalzer stopped Carl Wondrich (4); Eddie Melcher stopped Harry Kahn (2); Freddie Brick and J. Burke drew (5).

St. Louis.—Pewee Kaiser outpointed Pat Moore (12).

Minneapolis.—Fred Fulton knocked out Carl Morris (4).

BASEBALL TIPS

Cincinnati.—Eppa Rixey, leading left-hand pitcher of the Cincinnati National league club, signed a contract on Tuesday to pitch for the local team next year. Rixey pitched nineteen winning games last season.

Boston.—The recall by the Boston Americans of two pitchers from minor league clubs was announced Tuesday. They are Cliff Best, a southpaw, whose pitching aided Pittsfield win the pennant in the Eastern league, and Curtis Fullerton, who pitched last season for the Toronto club of the International league.

New York.—Eddie Meusel, center-fielder acquired in September by the New York American League club from the Cincinnati Reds, club in the Southwest league, has been "farmed out" to Buffalo in the International league.

W. C. PROUT NEW HEAD OF NATIONAL A. A. U.

Chicago.—William C. (the Boston A. A. who started his athletic career at Brown university and who was a member of the American Olympic team of 1906, yesterday was elected president of the National A. A. U. at the final session of the annual convention held at the Hotel La Salle.

They are Eddie Hearne, Tommy Milton, Frank Elliott, Ralph DeFalm, Joe Thompson, Roscoe E. Scales, Eddie Miller, Jimmy Murphy, Benjie Hill, L. Wondrich, Don Fretwell, Ralph Shoddy, Harry Hartz, A. Melcher and Art Klein.

The distance will be 250 miles or 200 times around the mile and a quarter track. Prizes totaling \$35,000 will be given.

Schedule of Cars of Janessville Traction Co.

CARS LEAVE END OF LINES AS FOLLOWS:

End of Milton Ave. Line at 6 A. M. and every 15 minutes until 11:30 P. M.
End of Washington St. Line, 6:37 A. M. and every 15 minutes until 11:37 P. M.

End of Franklin St. Line, 6:37 A. M. and every 15 minutes until 10:37 P. M.
End of Main St. Line, 5:10, 5:47, 6:37 and every 15 minutes thereafter until 11:37 P. M.

CARS LEAVE MAIN & MILWAUKEE STS. AS FOLLOWS:

To Depots and Washington St. at 10, 25, 40 and 55 minutes past the hour. Last car 11:25 P. M.
For Milton Ave. at 4, 19, 34 and 49 minutes past the hour. Last car at 11:19 P. M.

To Franklin St. and Samson Plant at 12, 27, 47 and 57 minutes past the hour. Last car 11:30 P. M.
To So. Main St. on the hour, 15, 30, 45 and 60 minutes past the hour until 11:30 P. M.

Additional cars at 11:24 and 11:50 P. M.
Patrons will assist greatly in maintaining schedules by remembering that ALL CARS make only near stops.
C. W. MURRAY, Supt.

GOPHERS AGAIN TO ASK COACHE'S REMOVAL

Minneapolis.—"A Blaskan post-mortem," inviting students, faculty and alumni to write what in their opinion, is the trouble with football at the University of Minnesota, has been started by the Minnesota Daily, official University paper.

In some circles on the campus, this was regarded as the beginning of a movement to seek the resignation of Dr. Henry L. Williams, football coach.

The Daily points out that out of eleven eastern conference games, in two years, Minnesota has won, but two—those with Northwestern and Indiana this year.

REOPEN COLLEGIATE TRACK-FIELD MEET

New York.—The first inter-collegiate indoor track and field championship meet since before the war will be conducted in New York March 11. Individual rather than team competition will be the keynote of the meet.

LEONARD OUTPOINTS FRIEDMAN TUESDAY

Philadelphia.—Benny Leonard, lightweight king in his first ring contest in five months, Tuesday night outpointed Sailor Friedman, Chicago. Leonard won five of the eight stormy rounds, two rounds going to Friedman and one, even.

Chicago.—James J. Patterson was elected captain of the Northwestern football team for 1922. His home is in Chicago and he played full-back this year.

Milwaukee, N. Y.—Bert Acosta flew a United States navy racing plane at a rate of 197.8 miles per hour.

"How about a shock absorber?" asked the man who was buying a cheap car.
"We can put one on," said the salesman.
"No," said the purchaser. "But I'd like to have one sent to my wife in advance—she expects a limousine." Boston Transcript.

Cronin Hurt; Out at Hill

Milwaukee.—Tommy Cronin, Janessville, who has been out of the Milwaukee football lineup most of the season with injuries, will not take the field against the Wabash team on Thursday afternoon. According to Coach Jack Ryan of the Hilltopps, Cronin, who played part of the game against Notre Dame here last Saturday, suffered additional injuries.

Wabash has a strong eleven. The Army is the only school which has crossed the goal line of the "Little Giants" this season.

SCIENCE BRINGS HEALING FOR ALL

Offers Surcease from Sorrow and Fear Says Christian Science Lecturer.

"Christian Science comes to you, my friends, with a glorious promise and with a reason for the hope that is in it," declared William D. Kilpatrick in a lecture to a large congregation at the Christian Science church here, Tuesday night. "Christian Science offers you sure surcease from sorrow and fear. It has a panacea for all your ills and your misfortunes and it comes with a heart full of love and compassion, with healing in its wings and with a world of joy and happiness for all."

Mr. Kilpatrick's home is in Detroit, Mich. For the past five years he has been a member of the board of lecturers of the Mother Church, the church of Christ, Scientist, of Boston.

"Christian Science has come to humanity," he said, "to heal the lost art of healing which the great Master-Christ, Jesus the Christ, declared should exemplify the understanding of those truths of existence which he gave to the world some twenty centuries ago. One can hardly read the New Testament without a firm conviction that much of the healing given in the life and works of Jesus has been lost or eliminated throughout the intervening centuries. Jesus taught that it was his understanding of God and the government of his universe which enabled him to do the works of healing and regeneration. He so freely accomplished throughout his brief ministry and of which he said he had no limitations. He said: 'I believe on me the works that I do shall be done also.'"

Jesus' mission on earth was to establish with men that understanding of God which would enable them to do the very works that he did.

Jesus taught that his works of healing and regeneration were not of a miraculous nature but were indigenous to the correct understanding of God which he came to give us. Jesus came to establish the kingdom of heaven on earth for all mankind throughout all time—for you and for me, right here and now. In that mighty prayer, given us in his Sermon on the Mount, we find these words: 'Thy Kingdom come. Thy will be done on earth as it is in heaven. That which enabled the disciples of Jesus to heal the sick, cast out demons and even raise the dead was intended for you and for me just as much as for the disciples, otherwise the marvelous works and teachings of Jesus are of no avail as our Savior. There is nothing in the Bible and in the teachings and works of the Master to excuse us in the least for not healing the sick by prayer and spiritual means in accord with the commands of Jesus. In the sixteenth chapter of St. Mark's Gospel Jesus gave this explicit command to all mankind: 'Heal the sick, raise the dead, cleanse the lepers, heal the deaf, and raise the dead, and heal the sick, and in my name shall they cast out devils; they shall speak with tongues; they shall take up serpents; and if they drink any deadly thing it shall not hurt them; they shall lay hands on the sick and they shall recover.'

"And in it is a glorious thing to know that at last we have been awakened, through Christian Science, to the recognition of the fact that that command was for you and me, and that we have been given, through Christian Science, that understanding of Jesus' teachings which makes the fulfillment of this command a present and immediate possibility, and that you and I may know enough right here and now to assist in establishing the kingdom of heaven on earth."

"If you will carefully follow the life of Jesus as given in the New Testament and consider his works in connection with what he taught, you will discover that what he taught was merely to establish as a demonstrable fact what he taught, and that what he taught and did were said and done in accord with and in explanation of, some immutable ever-present universal law. You will find, in other words, that his words and works were looking to the establishment with men of a divine, complete, spiritual law which eventually rule all mankind to the complete extinction of any so-called opposed law and its effects."

"And this Law of God—this Law, the knowledge and application of which Jesus said should make us free—is what Christian Science has come to re-establish with men. These wonderful works of Jesus prove conclusively that laws of matter are not God's Laws and that God's Laws are not only superior but are actually laws of annihilation to so-called material laws, and thereby prove that material laws are the product of a mortal misconception of what constitutes true law."

Is Law of Love.

"We find, with assurance, that this Law of God is a law of Love—not of death; a law of abundance—not of lack and limitation; a law of harmony—not of discord; a law of good—not of evil; a law of love—not of hate. And oh! if we could but comprehend what this law of love encompasses. How easily this old world needs love, the love that Jesus gave to the world and which the apostle spoke when he said 'Love is the fulfilling of the law.' What a ministry of love was Jesus' Christ. He might be compared to that love which endured, without murmuring, the world's hatred and scorn that you and I might understand that the Law of God is a law of love and that there are no material conditions over which this Law of God has not all power. It was this love expressed through Jesus which enabled him to prove that there is no death, and whereby he emerged from the tomb to perpetuate throughout the ages man's inalienable right to eternal life. Written in this experience, Jesus' Mary Baker Eddy, the Discoverer and Founder of Christian Science, says on page 44 of her book 'Science and Health with Key to the Scriptures':

"The lonely precincts of the tomb gave Jesus a refuge from his foes. A path he found to solve the great problem of being. His three days' work in the sepulchre, the seed of eternity on time. He proved 'Life' to be deathless and 'Love' to be the master of hate."

How to Apply It.

"And now the question of how to bring into action this ever-present law of God, how to apply it to one's present needs, how to heal the sick, comfort the sorrowing and save the sinner, as Jesus did, naturally presents itself. This, my friends, is accomplished in Christian Science solely through the prayer of understanding. Christian Scientists have learned that whatever is to be achieved in any way of healing and saving must be done through such prayer, and that this prayer must be without selfishness. Our every thought, feeling and deed must be the outcome of a constant mental attitude of prayer if we would follow the Master in the way of his appointing. A Christian Scientist soon learns that in bringing to the world those blessings of God's Law which Jesus so clearly exemplified we do not have to compete with the operation of 'God's Law' but simply have to let it do its work, or rather, let the work which 'God's Law' has already accomplished for man, be manifested to us. The prayer of understanding is one of elimination rather than one of competition or persuasion—the elimination, through spiritualization of consciousness, of that which St. Paul characterized as the carnal mind, the mortal mind, thus allowing that which is to be manifested in us 'which was also in Christ Jesus.'"

"Mrs. Eddy has incorporated the fundamental teachings of Christian Science in her book, 'Science and Health with Key to the Scriptures.' This is the textbook of the Christian Science denomination. Through its study the secrets and obscurities of Holy Writ have been made plain and instead of a book of mystery the Bible has come to be the clear light of thousands upon thousands to whom it has heretofore been closed."

A new stock of Prayer Books, Rosary Beads, and other religious articles on sale at St. Joseph's Convent. Advertisement.

FIRST TWO MEN OUT OF 22 AT KENOSHA ARE GIVEN SENTENCES

Kenosha—Carl Rademacher and Arthur Meisel, both of Twin Lakes, who pleaded guilty Tuesday morning to grand jury indictments to charges of false swearing, were each sentenced in circuit court here Tuesday to pay a fine of \$500 or be imprisoned in the county jail until such a fine was paid. They are the first of 22 awaiting sentence on grand jury indictments to receive sentence from the court.

MADISON LEADS IN OCTOBER BUILDING

Madison—Of six Wisconsin cities whose building records for October were recorded in the American contractor, Madison showed the largest gain in value of improvements authorized in permits. A gain of 231 percent over last year was shown. Oshkosh had a 136 per cent gain recorded. Milwaukee 122 per cent and Sheboygan 37 per cent in the value of improvements. Kenosha and Racine each showed a loss.

ASKS CITY TO PAY FOR BROKEN SPRINGS

J. E. Houck, of the traffic bureau of the Chamber of Commerce, has filed a claim against the city for \$32.75, the cost of two rear springs on his car which he says were broken due to the condition of streets in the section near his home, 825 Fremont street.

The matter will be before the council next Monday night. "I do not believe it necessary to explain the condition of the streets," he says. "At the times those springs were broken, the only way to reach my home was via Oak avenue to Logan and then to Oak. It was a very bad road. I am sure that if the city had paved that street, my car would not have been broken. I am sure that if the city had paved that street, my car would not have been broken. I am sure that if the city had paved that street, my car would not have been broken."
